

6 November 2025

Notice to Trades Recognition Australia (TRA) OSAP/TSS Skills Assessment applicants who obtained a skills assessment outcome using an AQF qualification which has now been cancelled by **Australian Skills Quality Authority (ASQA)**

We wish to advise that TRA has not provided any further information regarding the implications of ASQA's decision, including how that may affect your existing skills assessment outcome. Applicants are encouraged to contact TRA directly if they have already received the cancellation letter from ASQA.

If any applicant has concerns or reservations about using their existing OSAP/TSS Skills Assessment outcome, they are welcome to:

- Start a new Skills Assessment application under Pathway 1, if eligible, OR
- Start a new Skills Assessment application under Pathway 2, using a new and valid qualification.

Applicants are encouraged to review their options prior to submitting a new application.

A list of affected RTOs and qualifications are published on ASQA's website [Qualification Integrity Regulatory Action](#).
